"ligand"	Rattus norvegicus	ear canal	ANOVA	antimicrobial resistance
single molecule fluorescence in situ hybridization (smFISH)	sniffle	autophagy	chaperone	telomeres
optogenetics	cholesterol	FREE SPACE 	Wnt	blue background, yellow text
transcription factor	metalloprotein/metalloenzyme	FITC (fluorescein isothiocyanate) stain	RNA velocity	Green Fluorescent Protein (GFP)
CITE-seq	differentiation	phase separation	Danio rerio	lymphocyte
